Description

Betondeko "Boulder" Concrete Coffee Table (Ø100 cm, Height 40 cm)

The organic aesthetics of natural stone meets the durability of architectural concrete

An Exclusive Statement Piece for Garden and Interior

The **Betondeko** coffee table featuring a cut natural boulder texture is a unique design element connecting organic shapes with modern aesthetics. Visually crafted to resemble a raw, massive stone with a perfectly smooth polished flat top, it serves as a striking centerpiece for landscape designs (patios, terraces, garden lawns) as well as indoor spaces styled in minimalism, loft, or wabi-sabi.

Handcrafted from lightweight glass fiber reinforced concrete (**GFRC / Glasscrete**), it boasts exceptional strength. The material is completely frost-, water-, UV-, and weather-resistant, maintaining its pristine appearance outdoors 365 days a year.
